FOREST BILL IS ADVANCED.

Measure for Game Preserving Passes Committee.

Contemplates Isolation of the Sierra Elk Herds.

House Agrees to Conference on Homestead Entry.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, June 6.—[Exclusive Dispatch.] The House Public Lands Committee today ordered favorably reported the Perkins-Smith bill, authorizing the President to set aside portions of the California forest reserves for the preservation of game. Considerable opposition to the measure developed and a minority report will be filed by Representatives Mondell, Wheeler and Gaines of Tennessee.

Representative Mondell holds that the bill conflicts with the State game laws. Gaines says the bill is unconstitutional because Congress has no right to delegate the power to the President or anybody else. These views are contradicted in an opinion by Senator Knox of Pennsylvania.

KNOX'S OPINION.

When he was Attorney-General, Knox held that a bill would not interfere with the State game laws or violate the statutes.

This a strong card in Smith's hands, which he will use when he gets the measure in the House.

The bill has not passed the Senate yet and probably will reverse the usual order by which the bill would be reported to the House's approval.

Perkins says the Smith bill is designed among other things to permit the isolation and protection of elk herds in the Sierra forest reserve and to assist the experiment of the Pasadena man in breeding South African antelope which he will import.

The House has agreed to a conference on the report on the Martin bill, permitting homestead entry in forest reserves, which embodies the compromise reached between Senator Flint and Representative Smith, exempting the reserves in the seventh and eighth Congress districts in the State from the operation of the bill.

FIFTY-NINTH CONGRESS.

REGULAR SESSION.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, June 6.—[Exclusive Dispatch.] The House today considered the consideration of the sundry civil bill when it convened today.

The members of the minority of the House, believing that the majority had taken undue advantage of the time in holding general debate on the sundry civil bill to one hour, today started another filibuster and for two hours roll call and points of order kept the House in a turmoil.

Later when the sundry civil bill was taken up under the five minute rule but a few pages were completed when the House adjourned, much of the time being given over to a discussion of the sale of the National City Bank. This is a yearly occurrence and the same charge and denial were made.

SUNDY CIVIL BILL.

Mr. Tawney, in explaining the provisions of the bill, which deals with all departments of the Government and is the next to the last money bill to be acted upon by the House, stated that the total appropriation for the sundry civil expenses for the fiscal year of 1907, carried by this bill is \$24,542,156. Of the total amount \$25,456,575 is for the Panama Canal and is reimbursable from the proceeds of the sale of bonds.

In addition to this sum the amount carried for river and harbor improvements made necessary by rivers and harbor acts, and especially by the act passed at the last session of Congress, is in excess of the amount appropriated in the current law for that purpose by \$5,774,644.

Mr. Tawney said by eliminating the canal appropriation and excess of river and harbor appropriations over last year, the total of the bill would be \$21,117,737, or \$5,624,419 less than the bill for the current year.

Mr. Sullivan of Massachusetts, representing the minority of the appropriations committee, protested against the manner in which general debate had been cut off, and expressed the belief that it was a scheme on the part of the leaders of the Republican party to keep the proposed speech of Mr. Rainey of Illinois on the watch "tight" in reply to speeches of Mr. Hollister of Illinois, and Mr. Bingham of Iowa, out of the record. He intimated that general debate would be cut off on all other bills.

CANAL TYPE QUESTIONED.

Then passing to the consideration of the bill itself, he intimated that the type of the Panama Canal should be determined during the present session expressing a grave doubt if the President had the right to determine the type under the Spooner act.

Mr. Sullivan rectified what he alleged to be specific violations of the law by three members of the President's official family, Secretary of the Interior Hitchcock, Secretary of Agriculture Wilson and Secretary of Commerce and Labor Morgan.

THE REPUBLICAN CONVENTION WORKS IN HARMONY.

Adopts Platform in Which Actions of the President Are Indorsed and His Attitude Toward the Trusts Commended—Opposition to Coal Mine Ownership by Railroads.

(BY THE ASSOCIATED PRESS.—A.M.)

HARRISBURG (Pa.) June 6.—Republicans of Pennsylvania today nominated Edwin S. Stuart, former mayor of Philadelphia, for Governor. But one ballot was taken.

Robert S. Murphy, son of Francis Murphy, the temperance advocate of Los Angeles, Cal., was chosen as candidate for Lieutenant Governor, there being no opposition.

The State convention met to nominate candidates for Governor, Lieutenant Governor, Auditor General and Secretary of Internal Affairs. Congressmen elected of Dauphin county were chosen temporary chairman. The other slated candidates are:

Auditor General—Robert K. Young of Tooeys county.

Secretary of Internal Affairs—Henry Hock of Lebanon.

There was apparently no organized opposition to this ticket.

The platform was adopted as presented from the committee.

After congratulating the people of the United States on continued industrial prosperity under Republican control in national affairs the platform says in part:

"We most heartily and cordially endorse and commend the splendid administration of President Theodore Roosevelt. Particularly do we commend his administration for its fair, vigorous and successful management, through the Department of Justice, of the anti-trust and interstate commerce laws, the enforcement of which has compelled respect for law and made it clear that great corporations and great financial interests, when guilty of law-breaking, are not above the law."

"It is a matter of pride to Pennsylvania that he who was the Attorney General under whom this policy was inaugurated and who signally aided in making it successful is the present junior Senator from that State."

"We believe in publicity of the affairs and management of the great corporations, particularly those which are common carriers or which deal in the staples or necessities of life and we demand such government inspection, supervision or regulation of corporations as will give accurate knowledge of their financial condition and business methods, afford means for easily detecting dishonest management and protect the public from imposition."

"We further commend the President for his unceasing efforts to obtain such publicity, inspection and regulation and for his fearlessness and impartiality in carrying out the laws enacted during his administration."

"We believe in the right of the people to know the truth and we demand that the same rules of honesty be applied in business as in private life and we demand that public abuses and compel further needed legislation."

"We approve the legislation pending in Congress and now certain to be enacted into law providing for such supervision and regulation of corporations and comprehensive degree and conferring upon the Interstate Commerce Commission power to determine and put into effect reasonable maximum rates for the transportation of persons and property. The enactment of such legislation has been made possible by the time by wise, courageous and successful leadership of our President."

"The national power over interstate commerce is supreme and must be executed effectively over all corporations engaged in such commerce. We heartily commend the legislation now pending in Congress providing for the rigid inspection of the meat products which are the daily food of our people."

"We again declare our devotion to the Republican doctrine of protection to American industries and American labor."

"We urge further amendment of our immigration and naturalization law so that we may have the best of our people."

KANSAS CITY (Mo.) June 6.—[The Journal tomorrow will say:] It is estimated that the business done by the packing-houses located here will suffer to the extent of \$10,000,000 as a result of the agitation in connection with the President's crusade against canned meats.

Representatives of the various plants seen yesterday agreed with the estimate in the telegraphic dispatches of yesterday that the business of the whole country would show a loss of at least \$100,000,000.

Charles W. Armour said yesterday: "All this agitation is going to do an immense amount of damage and in quarters where it will be the hardest to overcome the prejudices aroused. It will be a long time before the prejudice against American meat in England is allayed and it will be still longer on the continent."

"The packing industries of the country have enough obstacles to contend with without this kind of agitation. Everybody knows how hard it is to control the meat trade in Germany and France."

"The world is allied commercially against the United States, and it is only by dint of sheer superiority of product and better methods and American strenuousity that America holds her own and is conquering the markets of the world. It is not from any weakness of the United States that we are losing business."

"I do not think the estimate of \$100,000,000 loss to the packers in the whole country is exaggerated. That is only a shrinkage of about five per cent on the total volume of business done, which I think is easily a billion and a half of dollars in all branches of the country."

NEW YORK, June 6.—[Exclusive Dispatch.] James J. Hill, president of the Great Northern Railroad, expressed indignation today over a recent alleged interview in which he was quoted as saying that he and his friends would build the Vancouver-Winnipeg line with their personal means, that the Great Northern had no interest in the road, and that the two lines were distinct enterprises.

It's straw hat time now and these straw hats are in the naggiest of the season's styles. Optima, dent, sailor and telescope shapes in that cool, comfortable Milan, split and palm braids; the best of silk trimmings, copied to pebble sweat bands. \$1.50 values at 98c. Today, second floor.

Timeliness of the event goes hand in hand with lowness of the price. The number of straw hats we sold last summer just serve as a model for the number we can sell this. We have planned for bigger things, and hundreds of straw hats are here for you to choose from. The very quantity has played a big part in making prices that will be welcome to every man, and putting straw hats within the reach of many a man who had not expected to buy them this summer. Even Panamas are remarkably low. But special emphasis today on these \$1.50 hats at 98c. Second floor.

Straw Sailors at 69c

MOTION TO CONSOLIDATE

Proposed for This Legislative Session.

Los Angeles Handicapped by the Governor.

Wide in County's Sacramento Delegation.

WINS TO THE TIMES

EXCLUSIVE

Los Angeles interest are in the special session. In the case of the delegation, there was no reason for indifference or malvolence. The delegation of Los Angeles should be entirely disregarded by the committee of forty.

It is unfortunately apparent, however, that the consolidation scheme is abandoned for the present in Sacramento, and that Gov. Pardee will not be asked to call an extra session. Such at least is the view taken by all the Los Angeles members who can be approached. The delegation is not unanimous. The Governor was probably aware of this when he promised consideration to an unanimous request. Certain members from the districts outside the city ago now opposed to consolidation and will not yield their position, so failing to unite in the question the delegation can not present a solid front to the Governor in asking the call. Assemblyman Hauser from the city of Los Angeles said today emphatically that the delegation is widely divided and there is no possibility of an agreement, and that consequently a consolidation act is out of the question. The members from Los Angeles county, outside of the city itself, are determined not to consent and make no secret of their opposition.

Senator E. W. Hahn of Pasadena, said today that the idea of an additional session had been entirely abandoned. It is certain that in the face of such a situation, there is no chance that the Governor will issue a call and those who are in a position to judge say that his own disinclination to make such a call would be very strong. There is at present no difference of opinion on the point that, without an extra session there can be no constitutional amendment and no consolidation act. If no action is taken until the regular session of 1907, two and a half years will elapse before consolidation can be carried out.

STRAIGHT TALK TO PENDLETON.

CHAMBER OF COMMERCE WILL NOT BE PLAYED WITH.

Illogical and Unsatisfactory Treatment of Los Angeles County Requested in Answer to Weak-kneed Proposition of the Legislative Delegation—Municipal League's Dinner.

The Chamber of Commerce took up at its meeting yesterday, the telegram from the Los Angeles delegation at Sacramento proposing action on the water district scheme proposed in the Governor's call for a special session, and sent this reply: The illogical and unsatisfactory treatment, which our requests have received up to present time, clearly indicates that needed legislation cannot be effected at this session. By order of the Board of Directors.

(Signed) W. J. WASHBURN, Pres.

Answers from all the civic bodies addressed by the delegation are of the same tenor, repeating what the Commission said very plainly to the Governor and the Committee on Legislation on May 25. The Los Angeles delegation probably understands by this time that Los Angeles supports the commission in its refusal to be used as a pawn in the political game

ARGENTINA IN PEACE APPEAL.

Wants Drago Doctrine Discussed at Rio Janeiro.

May Withdraw Unless Section Is Considered.

Conference Will Have to Change Its Programme.

BY THE ASSOCIATED PRESS.—A.M.
WASHINGTON, June 6.—Argentina is not pleased with the programme agreed upon for the third Pan-American Congress to be held in Rio Janeiro in July and it will require all the skill at which secretary Root is possessed

to prevent the withdrawal of several of the Latin-American republics from the Congress. Although Argentina is more dissatisfied than any other South or Central American power there are several republics which are far from pleased with the programme and sympathize with the slight which Argentina feels.

The Drago doctrine is the cause of Argentina's grievance. It was the desire of Mr. Portela, the Argentine Minister, that the Drago doctrine should be one of the subjects considered at the Rio Janeiro Congress.

This doctrine, which was promulgated by the celebrated Argentine jurist, L. F. Drago, at the time of the Venezuelan blockade by Germany, Great Britain and Italy, holds that force cannot be used by one power to collect money owed to its citizens by another power.

After much discussion the Committee on Programme for the Congress prepared the following section relating to the general subject covered by the Drago doctrine.

"A resolution recommending that the second peace conference at The Hague be requested to consider the extent to which the use of force for the collection of public debts is admissible."

This statement of the subject was very distasteful to Argentina and several other powers. It practically admitted that force is justifiable in some cases and provoked a great deal of comment. The result was the re-statement of the subject in the following compromise terms:

"A resolution recommending that the second peace conference at The Hague be requested to consider whether, and if at all, to what extent the use of force for the collection of public debts is admissible."

This statement does not grant that the use of force is ever justified, but is not a clear statement of the subject covered by the Drago doctrine, in the opinion of a number of the countries which are to participate in the Congress.

Mr. Drago, who is named by Argentina as one of its delegates to the Rio Janeiro Congress, is reported to have announced that he does not care to attend and participate in the discussion of the programme as agreed upon.

Under the rules agreed upon a change in programme cannot be effected at Rio Janeiro except by the vote of two-thirds of the countries represented, and consequently there will doubtless be a strong effort to make changes in case the countries which are dissatisfied participate.

FOR AMERICANS.

Many South American diplomats believe the Drago doctrine should not be submitted to The Hague for consideration, but should be adopted by the powers on this continent without regard to what European countries may have to say about it. Several of the powers in the western part of South America are said to be in sympathy with Argentina's position on the Drago doctrine, and interesting developments are expected.

Several other sections of the programme are also unsatisfactory to a number of the powers who will participate in the deliberations. The arbitration section does not please Bolivia and several of its neighbors, who wanted the section made so broad that it would also cover the disputes in the past as well as those which may arise hereafter.

Columbia and several of the other western republics also desired the consideration of lower tariff rates in commerce passing over boundaries and the regulation of navigation on streams flowing through two or more countries, but these subjects were not passed upon by the Programme Committee and can be discussed at Rio Janeiro only by consent of two-thirds of the powers represented.

WINS RACE ACROSS ATLANTIC.

French Liner La Provence Beats the Hamburg-American Deutschland by Four Hours.

BY THE ASSOCIATED PRESS.—A.M.
LIZARD, June 6.—The French liner La Provence, from New York for Havre, passed this point at 9:45 a.m. today.

The Deutschland, a Hamburg-American liner, and La Provence sailed from New York May 31 within half an hour of each other and La Provence has apparently beaten the Deutschland in time across the Atlantic by about four hours. The latter steamer passed Sully Island at 11:45 this forenoon.

KAISER PAYS JOSEPH VISIT.

GERMAN EMPEROR INSPECTS GUARD OF HONOR.

On Arrival at Vienna the Monarchs Are Conducted to the Castle Where They Are Received by the Archdukes and Archduchesses and Ambassadors and Military Personages.

BY THE ASSOCIATED PRESS.—A.M.
VIENNA, June 6.—Emperor William arrived here this morning and was greeted at the Northern Railroad station by Emperor Francis Joseph in person. The meeting was marked by extreme cordiality, the monarchs embracing each other. After introducing their salutes, the Emperors proceeded to Schoenbrunn castle.

On their arrival at the station near the castle, the imperial party was met by the Archdukes, the members of the German Embassy, the Austrian Ambassador to Germany and the principal military and civil authorities. A regimental band on the platform played the Prussian national anthem.

Emperor William inspected the Guard of Honor, after which the monarchs drove to the castle. They were cheered along the route. A number of Archduchesses awaited. The Majesties at the castle, where the German Emperor subsequently received in audience Count Goltzowski, the Austro-Hungarian Minister of Foreign Affairs; Dr. Wexler, the Hungarian Premier, and Baron Von Beck, the Austrian Premier.

Later, Emperor William drove through the town and called on members of the Austrian imperial family.

Same's Gowns For Graduates

Today and the balance of this week we are offering exceptional values in dainty lawn, silk and net dresses—styles especially designed to meet the critical demands of young lady graduates. So extensive has our preparation been along these lines that the exhibit of ready-to-wear gowns, materials and trimmings, might well be termed a "Commencement Opening"—of unusual interest to those seeking merchandise of known merit, and at right prices.

Following Are a Few Suggestions:

In Dainty Gowns

Lingerie suit of White Persian Lawn—waist trimmed with Valenciennes Lace; yoke of baby Irish point; full skirt, trimmed with Val. lace—price \$7.50.

Lingerie suit of finer quality Persian Lawn—waist has embroidered front; yoke of Valenciennes lace; gored skirt, with deep Spanish flounce; price \$15.

Net dress, made over white China silk foundation; waist trimmed with Valenciennes lace and ruffles, forming deep Bertha; skirt cut extra full, trimmed with tucks and Valenciennes lace; this suit for \$25.

The styles told of above but hint of what you may expect. Lingerie suits from \$7.50 to \$40.00; silk suits from \$22.50 to \$30.00; net dresses from \$22.50 to \$50.00.

In Materials

White French organdie—the prime favorite for graduation gowns. We show this popular fabric, two yards wide, at 75c and \$1 a yard.

Persian lawn is another leader that meets with favorable consideration at commencement time. Shown here at 20c to 50c a yard—32 inches wide.

White French lawn—48 inches wide—at 35c to 50c a yard; yard-wide India linen at 25c to 50c a yard; 32-inch, good 20c value, at 15c today as a leader.

White Japanese silk, 27-inch width, at 50c, 75c and \$1.00—three different weights. Liberty satin, 27-inch, at \$1.25; messaline silk, 20-inch, at \$1.00 a yard.

Wool batiste, silk finished henrietta, silk warp sublime, cream wool taffeta, etc.—38 to 46 inches wide—50c to \$1.48 a yard.

(So We Captured "Ready-and-Right.")

The man who makes Ready-and-Right is a genius, who (in-

cidentally) is making a fortune.

Other clothing makers since Adam's time, figured this way,
"Out away the cloth till the body is fitted."

What's the result?

OUTTING AWAY the cloth produces an awkward style—angular, stiff and

graceless. Tight clothing doesn't fit, it ENCASES.

Ready-and-Right is modeled to give the maximum good effect and through the

ingenious skill of its makers, it fits every figure, stout or thin, tall or short, straight

or crooked.

LINCOLN CABIN MOVED.

Captain and Five Infantrymen Guard Special Train on Long Journey.

BY THE ASSOCIATED PRESS.—A.M. NEW YORK, June 6.—The Lincoln log cabin acquired by the Lincoln Farm Association for restoration to its original site starts today on its journey to Hodgenville, Ky., on a special train over the Pennsylvania Railroad. The cabin, which has been taken apart, will be committed to the care of Capt. Bullitt and a file of 500 soldiers of the First Kentucky Infantry.

SUICIDE'S WIDOW WINS.

ALBANY, (N. Y.) June 6.—The Court of Appeals yesterday affirmed with costs a judgment of \$252, in favor of Anna T. The plaintiff's husband, who had held a policy in the organization, committed suicide and the by-laws, state no benefits shall be paid to the survivors of a member who commits suicide.

BIG STORM IN PITTSBURGH.

PITTSBURGH, June 6.—A terrific electric storm here deluged the streets, caused many thousands of dollars damage by lightning, tied up the street car traffic for a time and frightened many residents of the East End, where the storm was the most severe. Lightning struck the Point Breeze Presbyterian Church, shattered the steeple and broke several costly stained glass windows.

MINERS TABOO CHILD LABOR.

LONDON, June 6.—The seventeenth Miners' International Congress at its sessions today adopted motions demanding the passage of laws totally prohibiting the employment of women in the mining industry, the employment of children under 14 years of age and the employment of boys under 16 years of age in underground work. These motions were supported by the American delegates.

The Truth about Mutual Life

THIS is a matter of great interest to the public, and of still greater interest to thousands of individuals. People with the fairest minds—and that means most people—have been disturbed and unsettled by the developments and denunciations of the past few months. What these people want is the truth—the plain unvarnished truth. To give them this truth is the object of this announcement.

The Mutual Life Insurance Company was organized in 1843, the first of its kind in America. In 24 years it had become the largest in the world. For 39 years, in spite of the keenest competition, it has held the lead, passing unharmed through panics, failures, strikes and wars; meeting with promptness its every obligation and having 460 millions of assets to-day.

The recent Insurance agitation was unique. The investigation certainly was thorough. As every one knows the Mutual Life was on the firing line. The smoke has now cleared away. What do we find?

In the first place we find that the Mutual Life is still the largest and staunchest Life Insurance Company in the world. Without defending or in the least belittling the abuses and extravagances recently brought to light, everybody should keep in mind the fact that the solvency of this Company has not for a moment been affected thereby. Concerning the work of the finance committee which has been attacked in the press, this Company's auditing committee consisting of Messrs. Truesdale, Anchinloss, Fish and Dixon stated on February 15th, 1906:

"The Committee certify that the investments of the Company are of the highest order and well selected," and "have found the valuation given safe and conservative, in many instances less than the market value and in some in excess of such value."

In the next place, extravagance has been stopped, and those responsible for it have gone; a new management has been installed, and retrenchments have been effected that have already saved vast sums of money and will save much more as time goes on. Legislative reforms have likewise been anticipated, and the Company is now as sound at the circumference as it always has been at the core.

In the next place, the ending of the first quarter presents an excellent opportunity for comparing this year with last.

The amount paid policy holders is \$9,608,436.50, an increase of \$1,070,815.26. The receipts for premiums were \$15,082,484.57, a decrease of \$357,995.29 for the period. This is a shrinkage of less than 3% per cent. The amount paid for expenses was \$3,935,552.44, a reduction of \$1,547,379.36.

This remarkable showing is a good thing to be kept in mind by everybody—those now insured in the Mutual Life, and those who should be. It cannot be accounted for by the smaller amount of new business written. Of the saving for the quarter, the sum of \$390,961.52 is in items not connected with the obtaining of new business.

In the next place we find that this Company is doing business—more business than any other company in the world with one exception. Far from being paralyzed or demoralized it is forging right ahead. Policies by the hundred are being written each day; honest trustees, keenly alert, are directing its affairs; faithful and experienced men are doing its intricate work; loyal agents are explaining its advantages and discriminating people are obtaining its protection.

In the next place we find that there need be no question as to the future. A policy in the Mutual Life is just as good as gold. No obligation could possibly be better. A bond of the United States Government is no safer. It will, therefore, be a misfortune if any one is misled by the writer who prints for revenue or for notoriety, or by the attorney who is out for his clients, or the competitor who is out for himself, or even by the gentlemen who have organized themselves into committees under an honest misapprehension of the facts. Such incidents may tend to hinder business, but need deter no one who needs insurance.

With economy, which means rapid improvement in regard to earning of surplus for dividends, everywhere at work in the Mutual Life; with its immense size as the basis for moderate general expenses; with smaller liability for renewal commissions to agents than any other Company; with the cost of new business limited by law for all Companies, how can any one possibly better provide for the uncertainties of the future than through a policy in the first Insurance Company in America, and the strongest in the world—

GEN. MILES SPEAKS.

Responsibilities of Citizenship Subject of Address to Colorado University Graduates.

(BY THE ASSOCIATED PRESS-P.M.) BOULDER (Colo.) June 6.—Gen. Miles delivered the address to the graduating class of the University of Colorado today. His subject was "Our country and the responsibilities and possibilities of its citizenship."

"The necessary requisites of good citizenship are intelligence, character and patriotism," he said. "Every time a citizen fails to exercise his right of franchise he commits a treasonable and unpatriotic act."

"Every office holder who devotes his time and attention to personal interests or to secure his own selfish purpose is false to his duties as a representative of the people."

"This republic must continue on its march of progress or it must lapse into decay by the acts of its own citizens."

ROBT. WYNNE'S SON ON TRIAL.

MARINE CAPTAIN CHARGED WITH INSUBORDINATION.

Defendant Appears Before Court-martial on Board Pennsylvania and Denies Using Revolver to Resist Arrest—Claimed He Was Ordered to Do Two Things at Same Time.

(BY THE ASSOCIATED PRESS-P.M.) NEW YORK, June 6.—The court-martial of Robert F. Wynne, son of the United States Marine Corps on the charge of insubordination made by the executive officer of the Alabama, Lieutenant-Commander Henry P. Bryan, began on board the Pennsylvania yesterday.

Capt. Wynne is a son of Robert J. Wynne, ex-Postmaster-General and now Consul-General to London. The main charge is that he resisted an order of arrest. It is also charged that on the morning of May 31, last, Capt. Wynne refused to obey the regular call to "quarters," he maintaining that he had been assigned to special duty to assist at a court-martial being held that morning on board the battleship Indiana.

Lieut. Newton testified that Commander Bryan told him to take two men and to drag Capt. Wynne on deck if necessary. This the commander denied saying, when on the witness stand.

Capt. Wynne denied that he had threatened to use a revolver. Counsel for the accused officer put in defense a document from the Bureau of Medicine and Surgery at Washington which certifies that Capt. Wynne suffered from a stroke at Peking some years ago.

MEN I CURE

Functional Decline and Organic Weakness Without Tonics

This condition is commonly termed "Weakness," and most physicians trace its cause to the prostate gland, for want of better knowledge of the true condition and actual cause. By powerful, stimulating tonics they produce temporary activity, which results in a more weakened condition after the first effects, which is only a drug effect, which should be avoided.

Varicocele I cure in four to six days. Many men have tried unsuccessfully for varicocele. My treatment is painless and the results are complete and forever.

Stricture I cure the right way, once and for all. I remove urethral obstructions, inflammation and soreness, and restore the membrane to a healthy condition, usually in ten to fifteen days.

Not by mail. This is a matter of guess-work. No one is able to give satisfactory results by such unreliable means. Thousands have tried it and failed. My method of treatment is reliable and gets at the CAUSE.

HOURS—9-4. Evenings, 7-8. Sundays, 9-12.

Dr. Harrison and associates are both registered under the laws of California. Every patient can see our diploma, State country, and city certificate hanging in our office for personal inspection. We have only one office; we are both in that office personally to see and treat our patients. We have both been in our office in Los Angeles for fifteen years. Our patients always see us personally. We have no hired substitutes who come from the East or some other part of the world represented as experts. We are the doctors ourselves. We never move from one city to another; we stay in Los Angeles year after year. You may know us by sight today and come in years later and if we are living you will see us personally on no one else.

There is no change of doctors in our office; we are established specialists for the cure of men's ailments. We will cheerfully refer you to hundreds of prominent business men in the city who will gladly give you the truth regarding our standing.

WE GUARANTEE AN ABSOLUTE AND PERMANENT CURE in every case. We treat varicocele. We will show to any man wishing to be cured a case of varicocele cured by our treatment. We have cured this. This fact, with our GUARANTEE of a cure, is a service to men that they can be cured of varicocele.

CONTRACTED DISEASES AND BLOOD POISON These troubles are thoroughly understood by Dr. Harrison and his associates. For over 25 years they have successfully treated this class of troubles. Experience, founded on a thorough medical education, has brought to them perfect methods which enable them to effect cures in the very best recognized modern treatment.

DISCIPLINE
VS. MODESTY.

Lieut. McComas Arrested on
Civil Charge.

Charge That He Charged a
Private Uncivily.

Ruption in Co. F, Pistol, and
More Charges.

Military discipline enforced at the
point of a loaded gun resulted in the
arrest of Lieutenant Jesse McComas
of Troop D, yesterday, he being haled
to the Police Court.

His accusers are two privates who

tering and objecting and threats, he
finally left.

He followed them downstairs, but
took T. J. McCarney's advice to "stop
at the door." He says they stopped at
the door the instant he called him a
string of names not usually applied by
privates to their superior officers, and
then went down into the street.

Once outside the armory building,
he says, they took off their coats and
dressed around in circles, hating him
to come down and be confronted.

QUESTION OF MODESTY.
Private Lichtnerk of Company F,
says that he was taking a bath when
Lieutenant McComas returned with the
loaded revolver and demanded that he
leave the place. Like Lady Godiva,
Lichtnerk was clothed in chastity
alone. He says he remonstrated with
his superior and pointed out that it
would be modesty.

His pathetic pleadings were in vain,
he says. According to his story the
lieutenant placed the ferocious point
of the pistol against his cold, wet,
shaking hide, and offered to blow a
hole clear through him if he didn't get
out before the lieutenant counted three.

"In despair the private waited
for the three to be counted; then told
him to shoot and he hanged.
McComas didn't shoot, but when the
private got dressed he was driven from
the armory with his companion—Pri-

After two days exchanging sym-
paties with their friends and telling
again and again the story, they
went to the Police Station yesterday
and swore to a complaint charging
McComas with assault with a deadly
weapon.

He was arraigned before Justice
Chambers and will come up tomorrow
morning to have his case set for hear-
ing. He will be defended by Maj. Os-
car Lawler, judge-advocate of the
First Brigade, N.G.C.

THE COMMAND
MRS. ABSOLUTE.

The tragedy of the trooper lieutenant and the baseball privates. Now he's in
Police Court and they're threatened with court-martial.

ded his orders to leave the armory
until he chased them out with a
weapon.

Although he would walk to the mouth
of the belching cannon without a mur-
mur or a mumble, Private Carl E.
Lichtnerk, of Company F, shuddered
at having the cold muzzle of the cav-
alry officer's pistol placed against his
tummy.

He claims that, although he would
charge the heights of Abraham at the
Jerk of an officer's forefinger, he could
not bring himself to walk out of a
bath tub into the street without clothes
on, as he says the officer ordered. He
would prefer death to being inmodest.

But Lieutenant McComas tells a dif-
ferent story. He says when he gets
free of the charges of assault with a
deadly weapon, sworn to before Jus-
tice Chambers by Lichtnerk and an-
other private, he intends to bring
court-martial charges.

Then it will be seen if a lowly but
suspicious private in the rear rank
may with impunity have his superior
officer "pinched." A notable offer on
the part of both privates to punch the
head of their beloved superior will also
be a feature of the military charges.

Although the arrest by the police did
not take place until yesterday morning,
the heroic deed of discipline was ad-
ministered Monday night by Lieuten-
ant McComas.

IT'S AN OLD RUCTION.
It is really an outgrowth of the old
 feud between Company F, Seventh
Regiment, and McComas, who, as ar-
mor, has had much trouble with
members of that company. McComas
is a splendid officer, but has a brand
of strict discipline to which Company
F does not seem to take.

The ruction took place when he at-
tempted to eject the members of the
celebrated Company F's indoor baseball
team from the armory.

McComas says he allowed them to
stay past the usual closing time and
waited until their game was done. It
ended at 11:45 p.m. At that time, he
says, he stepped into the hall and told
them they would have to go.

Instead of so doing, they shattered
all traditions of military discipline,
telling him to go—on second thought
the place they told him to go will be
concealed. Nobody would want to go
there anyhow, too warm.

He says that four or five big, husky
athletes of the baseball team gathered
around him in a menacing manner,
and absolutely refused to leave the
hall.

He told them that he was a com-
missioned officer of the guard, and re-
peated his demand that they instantly
leave. They told him they couldn't
see any shoulder straps on him, and
that they would see him in this same
warm place—before they would go.

HE LOADS HIS GUN.
McComas says they were six-footed
athletes, and he was a commission-
ed officer of the guard, and re-
peated his demand that they instantly
leave. They told him they couldn't
see any shoulder straps on him, and
that they would see him in this same
warm place—before they would go.

NO GRAD SHOW

High School Commencement
Is Booked for Mason.

Use of Theater Secured for
Afternoon Exercises.

Tent Idea Is Given Up, but
No One Is Satisfied.

Be still, grad's heart, and cease re-
pinning—you won't have to accept your
diploma in a tent, after all. The Ma-
son Opera-house has been selected as
the place in which the Los Angeles
High School commencement exercises
will be held, and the time is set for
Friday afternoon, the 29th inst.

Arrangements were closed yesterday
by which the use of the theater be-
comes available to the High School for
a few hours of the afternoon in ques-
tion, but no one is satisfied. It's a
case of "make the best of it, and for-
get the rest of it."

ELOPES WITH LOVE,
BECOMES MRS. LOVE.

ONE of the prettiest girls of San
Bernardino calmly shook the dust
of that place from her feet yes-
terday, came to Los Angeles, and here
married the man of her choice. She
did it for Love. He came from San
Bernardino, too. The girl, who is
much admired in San Bernardino, was
Miss Minnie Gassola, daughter of Mr.
and Mrs. Peter Gassola, wealthy peo-
ple, and the groom is John Love, a
young engineer on the Santa Fé.

The couple did not think it was an
elopement. "Oh, no, it wasn't exactly
that, you know," they said.

They just wanted to be a bit ro-
mantic and took it into their heads it
would be nice to come away and be
married without a soul at home know-
ing it. That is just what they did. The
first their friends heard of it was last
evening, when some one from their
home place met them on the street and
was informed by the happy pair that
they were "really and truly married."

It was very convenient for the elop-
ing bride that she has a brother, Bert
Gassola, who lives on West Second
street, in this city. She seemed very
anxious to visit him, and he, naturally,
and so came yesterday morning, leav-
ing home ostensibly to see him. How-
ever, if her parents had been looking
for her, they would have found her
that Mr. Love was suddenly taken
with a burning desire to come to Los
Angeles yesterday.

They came up together, secured a li-
cense, and slipped away as quickly as
possible to the Swedenborg church on
East Ninth street, and there were wed-
ded.

They expect to remain in Los Ange-
les a few days in order to give the
parental displeasure, if any there be,

MR. AND MRS. JOHN M. LOVE.

a chance to wear itself out. Not that
there are any known objections to the
match, but Mr. and Mrs. Gassola were
entirely unaware of their daughter's
intentions, and were not sure that she
had really decided upon Mr. Love as
her future husband. So they were more
than surprised to learn of the sudden
turn of affairs, and even denied it last
night. Gassola was not aware of the
wedding until told late last evening by
friends.

Much interest will be felt in this
elopement, as the bride has been
much admired in San Bernardino, and
is a graduate of the High School of
that place and is a handsome brunette
with a dashing air. She gave her age
to the license clerk as 21. Love is 28.
Mr. and Mrs. Love will make their
home in San Bernardino.

HIS MEAT PANIC.

The Stomachy Man Succumbs to His
Imagination and Eggs May
Take a Rise.

A prosperous-looking man, whose
waitcoat fitted him neatly and with-
out wrinkles, came down from his
room in his hotel, and prepared to an-
joy breakfast. He ordered all sorts of
things, and ended up with chops and
a rash of bacon—"Rare, if you
please, and done over a charcoal fire."

Then he unfolded his paper, and
started to take his ease until the
fairy chocolate made him feel a little
chance. A horrifying headline caught
his eye. His languid air disappeared.
He grabbed the paper army in both
hands and held on. Then he spread
it out on the table, and read the plot
of our latest national drama, with
Señor Hog in the leading role, and a
chorus of stock yard steers for sup-
port.

The waiter bore down on him with
the steaming chops, neatly overlaid by
a batchwork of rashers of bacon. But
the man spied him in the offing.
"Heavens!" he gasped, and grabbed
his hat. Waiters tried to stop him,
but he was a meteor in flight.

"What an escape!" he fervently said,
as the open air revived him. He went
down the street, grabbing at various
portions of his stomach where he was
sure a microbe had just chased across.
A pain in his arm developed—"Tri-
chinellosis!" he yelled, and nearly
fainted.

But his stomach was unconscious of
the upheaval. It had become used to
such things. It was empty, and needed
filling, so it called to the waiter, "Get
me some more food."

So the man swung open the door of
a restaurant. Then he started back.
They would fry the eggs in lard! Ugh!
He didn't like them any other way.

A haven of rest appeared to his mind's
eye—there was a place in town where
no meat ever came. Yes, there was a
strictly vegetarian café.

He got there, and found that others
had got there first. After weary wait-
ing he fell into a seat, and asked for
eggs. Sorry, but they had served 20
orders of eggs above the average al-
ready, and there wasn't an egg in the
place. Vary egg.

Such is the unhappy case. That café
put on two new waitresses yesterday,
and all the help are working overtime.
They have had to double their orders
of all vegetables, butter and milk. An
extra thirty-dozen of eggs a day was
swallowed before breakfast was over.

all vegetables, butter and milk. An

NOVEL NAME SERVICE.

Little Miss Reid Properly Started in
Life by Mr. Burdette—The First
Baptist Christening.

An event very unusual in the Baptist
Church, and one which has never be-
fore occurred in Los Angeles, was the
name service performed yesterday at
the residence of George E. Reid, No.
1223 Arapahoe street, by Rev. Robert
J. Burdette. Because in the Baptist
church babies are not baptized, the
christening service which is other-
wise a nominal accompaniment, is
sometimes always omitted, and no religious
service of a child's name occurs.

But little Frances Carol Reid is go-
ing to grow up properly tagged. Rev.
Burdette has strongly favored a con-
secration service held by the little one in
the families of the Temple Church, and
yesterday he performed a name service
for the first time. The little girl will
have her name on straight, even if she
has to ask about her hat when she
grows up.

The service was very simple. The
pastor read selections of Scripture in
relation to children as the gifts of God
and blessings from Him. He then made
a charge to the parents, after which
the little one's name, Frances Carol,
was given by the father. A prayer
of consecration followed, and the cere-
mony, after which the little lady held
a reception.

that it may not be able to perform all

Nor do the girl graduates, of whom
there are three to every two boys in
the class, fancy ideas of a daylight
affair after all the preparation that has
been going on at home for many
months.

There is still a hitch over the pro-
duction of the Senior A and Senior B

graduation exercises. No one has been
found suitable for one of them and
until the time and place are
chosen for the Senior B play, no deci-

So there still are three strenuous,
fruitful weeks ahead of the High School
graduates before they may step out
into the world and take a hand in di-
recting its affairs.

PUBLIC SERVICE.

SUMMARY OF THE DAY.

Milk Inspector Hood will report to the board of health bad conditions existing in dairies from which milk is shipped to the city by rail. He investigated dairies even outside the county.

The proposal of the Board of Public Works to stop sweeping the streets on Sunday nights caused the contractor to offer to sell out to the city yesterday.

Mrs. Ursula Mitchell was granted a divorce yesterday, though she confessed to scratching her husband's face in most unpoetic fashion.

A warrant is out for the arrest of Nellie Mitchell, the defendant Pasadena girl, who was released by Judge Wilbur upon her promise that she will not marry until she is 18.

Rev. James Wylie pleaded guilty to bigamy, and was sentenced by Judge Smith to pay a fine of \$5, and serve one year in prison.

Perry J. Horner, charged with the murder of Frank Perkins, was bound over for trial in the Superior Court yesterday by Justice Chambers.

Kim Tai Hun, Korean, was held on a charge of forgery before Justice Austin. He was fixed at \$1000.

James Ritch, known as the "daylight burglar," was held for trial in the Superior Court after a preliminary hearing in the City Justice Court.

AT THE CITY HALL.

HEALTH BOARD FOR PURE MILK.

GOES AFTER DAIRYMEN BEYOND LOS ANGELES COUNTY.

Inspector Returns from Long Trip Among Producers Who Ship Their Product to the City by Rail—The Street-Sweeping Contractor Objects to Cutting Out Sunday.

The Board of Health has started on a broader and more definite scale to eradicate impure-milk troubles.

Ordinarily inspections have been confined to dairies within the city limits, wagons operating on the streets, and the establishments of retail dealers.

But Inspector Hood returned yesterday from a motor-cycle trip that covered parts of four counties, during which he made inspection of many dairies shipping milk into the city on the several railroads, and found conditions in some that are contrary to the State law.

He went through Orange, Riverside, San Bernardino and Los Angeles counties, located who is shipping milk into the city, to whom it is consigned, and then inspected the dairies, with the idea of stopping the supplies of impure milk from being coming to the city from the outside.

Near Rincon he found one dairy in such unsanitary and disgusting condition that he at once ordered its proprietor to cease shipping milk, under penalty of the State law, until he puts things in proper condition. When Hood returned to the city, he at once notified the establishment that had been receiving milk from this dairy that no more must be accepted, or prosecution would be at once followed.

At another place he found the "skimming station" of a dairy located in the house in which people live, which is a violation of the State law. The owners of this place were notified that the condition must be changed without delay.

Mr. Hood refused to give out any definite information yesterday, but will make a full report to the Board of Health at its next meeting.

SUNDAY SWEEP OR NONE.

CONTRACTOR SAYS HE'LL QUIT.

The announcement by the Board of Public Works that it proposes to cut out sweeping of the city streets on Sunday nights, took Contractor Howard to the City Hall in haste yesterday.

He told the board that he is losing money at the rate of \$250 a month at the contract price of 16¢ cents per 100 yards, even when sweeping seven nights a week. To cut out Sunday would mean a further loss of \$100 per month.

He first offered to sell his outfit to the city at the price of \$1000, but by arbiters, and the board could then do the work for the city.

He failed to impress the commissioners with the idea that they could save money by doing the work, and with the fumes of the garbage propelled in their nostrils, they failed to jump at Howard's offer of mules and sweepers.

He then notified them that if they persisted in their determination to cut out Sunday, he would throw up his contract and make peace with his bondsmen, who stand obligated for \$10,000, as that would be much cheaper in the end.

A member of the board said yesterday that he was satisfied Howard was doing the work at a loss, and that the final decision in the matter was still under advisement.

"Daylight Burglar" Held.

James Rich, who made himself notorious as the "daylight burglar" in this city, was given a hearing before Justice Chambers, and the evidence introduced by the people was so conclusive that the man was held for trial in the Superior Court, with bail fixed at \$1000. Ritch worked in daylight, and is an unusually clever thief, according to the police. He made a fat living off the citizens of Los Angeles for five months, but finally fell into the clutches of the law.

The preliminary hearing of Mrs. Margaret Mason, charged with burglary, was also held yesterday afternoon, but Justice Chambers ruled that the evidence introduced by the prosecution was not sufficient to warrant holding the woman. The case was dismissed, and she was released from custody.

Police Court Notes.

R. F. Townsend, charged with forgery, had his preliminary examination yesterday morning before Justice Rose, and was bound over for trial in the Superior Court, with bail fixed at \$1000. Frank Bowman pleaded guilty to a petty larceny charge in the Police Court, and will be sentenced tomorrow by Justice Chambers. Ching Hing, Chinese, pleaded guilty on a charge of violating the lottery ordinance, and was assessed \$40 by Justice Chambers. A. P. Smith and F. Speers were convicted of violating the automobile speed law and paid a fine of \$10 each.

POETIC DIVORCE FOR SCRATCHER.

HUSBY CALLED MRS. MARSHALL "PLEBEIAN"—BANG!

Wife Tells Judge Trask That She Loved Her Bobbie Too Well and He Repaid Her Devotion With Desecration, Yet Acknowledges That She Scratched His Face.

The domestic difficulties of the Mitchell household have finally been straightened out, and what was a head and wife will now pursue their separate ways.

Robert Mitchell, a real estate man, began divorce proceedings against his wife some months ago, and it promised to be a sensational trial, but the case was dismissed.

Then Mrs. Ursula Mitchell had her turn, and yesterday was granted a decree by Judge Trask, on the ground of desertion. Not that there did not exist other grounds, but Mrs. Mitchell said that she wished to spare her husband, and refrain from hurting him in any way.

But the court was rather interested in knowing what was his away in the husband's complaint, and getting hold of it, he asked the plaintiff if the several charges made by her husband were true. Mitchell alleged in his divorce proceeding that she had sworn at him, struck him, and generally made his life miserable, and threatened to kill him and his little son. But Mrs. Mitchell said that it was all a tissue of fabrications and exaggerations.

"Only once did I strike him," said Mrs. Mitchell with great dignity of manner, "and that was at Christmas when he most grossly insulted me. He said: 'You are a plebeian that any one would know you came from a family of swinebreasts.'"

"I was so infuriated," continued Mrs. Mitchell, "that I did strike at him, and scratched his face. And that was the only time."

When Mitchell was married to the plaintiff he was a widower with an infant son, and his fiancée, was a widow without children, but with a comfortable bank account. They went to live at the bride's home on "East Twenty-ninth street," but husband got tired of love undiluted and insisted on their going to live at the Hotel Cumberland. Then he began to stay downtown for dinner, and remained out late at night, until Mrs. Mitchell protested.

She maintained that she had loved him too well, and with the ready aptitude of a Silas Wegg she "fell into poetry":

"Had I but loved him less,"

"He might have loved me more."

And she smiled at Attorney Murphy as he replied to his inquiry as to whether she had not been too considerate with her Bobbie.

After the separation took place Mrs. Mitchell said that she made overtures for a reconciliation, but her husband said that he would rather commit suicide than return and live with her. That settled it.

CRIME'S AFTERMATH.

MRS. SCHMIDT GETS DECREE.

In March of last year Long Beach's prize burglar pleaded guilty and was sentenced by Judge Smith to eight years at San Quentin. His name was Schmidt, and for months he had kept the people at Long Beach guessing where all their pretty things were disappearing to.

Schmidt initiated his stepson into the mysterious fascinations of the burglar's happy life, and the two plied their vocation so well that the instant almost the entire furnishings of a cottage would be taken away in one night. And every time the sweetest remembrance of the town was taken, at last Schmidt was trapped, and when he pleaded guilty he exonerated his wife from all participation in the crimes and accepted the responsibility for leading his young stepson astray.

Yesterday Mrs. Addie V. Moser-Schmidt, alias Schmidt, was granted a divorce in short order. Proof was made from the court record of the husband having been sentenced to the State prison, and thereupon Judge Conrey granted the decree. The wife was allowed to resume her former name of Spencer.

NELLIE PROVED FALSE.

NOW SHE WILL EXPLAIN.

For seven and a half months the love affairs of Nellie Mitchell were considered by Judge Wilbur and the ladies of the advisory committee of the Juvenile Court. She wanted to marry "Bud" Lewis, but the court refused to give her license until she was 18 years of age. But before being allowed to run loose, Nellie was made to promise that she wouldn't attempt to get married to "Bud" Lewis until she was 18 years of age; and her father also was made to withdraw the consent that he had previously given that his daughter might marry the persistent "Bud."

After this red tape was tied the girl was allowed to depart with her father and her sweetheart went down to Santa Ana and tried to get a marriage license. But the court refused to give the license was refused. Last Wednesday a second attempt to get hold of the coveted paper was made at San Bernardino, and with success. But then both Nellie and "Bud" Lewis displayed very poor judgment in their decision to be well acquainted in Los Angeles and knew something of the facts surrounding the runaway, he refused to perform the ceremony.

But it is said that the marriage ceremony was performed later, and the formation of the fact reached Judge Wilbur yesterday afternoon. He ordered that a bench warrant issue for the arrest of the girl, and when brought in she will have to answer for contempt in having acted in direct conflict with the court's order and the promise she made.

And then the court and a number of people will look horse, for most of the witnesses in the case maintain that Nellie is over 16 years of age. If so, then she is not amenable to the Juvenile Court, though under certain circumstances she can be dealt with under the Whittier law. And in both instances the fact of her being now a married woman will have a decided effect, for a married woman can't be spanked and sent to bed just as if she were a naughty little girl.

MINISTER SENTENCED.

BIGAMIST GOES TO PRISON.

The Rev. James Wylie yesterday pleaded guilty to the charge of bigamy, but as the assistant District Attorney ventured to speak in favor of the defendant the punishment meted out was not so great as otherwise it would have been.

Wylie used to be a Methodist minister, but switched and went with his wife to a mining camp not far from Phoenix. It was lonely for the wife and she invited Miss Fannie Green, an old acquaintance, back east, to come out and live with them. Miss Green did so, but still Mrs. Wylie found the desert life uncongenial.

Kim Tai Hun, a Korean vegetable

peddler, was given a preliminary ex-

amination yesterday on a forgery charge.

He was bound over for trial in the Su-

perior Court, bail being fixed at \$1000.

According to the evidence introduced

by the prosecution Kim found a bank

book belonging to a friend, showing a

\$60 balance in the Pacific Savings

Bank. Kim took the book to the bank,

where he was a laborer and was asked

to assist in removing the debris

when the roofing caved and fractured

his right leg, wrenched his back, and

otherwise injured him.

MARSHAL DIVORCE. Louise M.

Marshall was granted a divorce from

Alexander Marshall on the ground of

desertion. The marriage took place in

this city in 1904, and three weeks

later the husband skipped out with

\$500 belonging to his wife. It turned

out that Marshall was somewhat of a

name was Alexander McAvoy. He

was traced to Pennsylvania and it

was found that he had had a wife

there before ever he came to Los

Angeles.

Our San Francisco

Everybody's Magazine for June is an incomparable souvenir of a vanished town. Our artist, Vernon Howe Bailey, was in San Francisco two weeks before the earthquake, and at leisure made some beautiful pencil-drawings of the most picturesque city in America.

James Hopper, the magnificent picture-writer, was in the midst of the earthquake. There has not been, and it is impossible that there can ever be, another account of this thrilling disaster as vivid and graphic as his.

Ten Splendid Fiction Stories

"The Outlaw," by Edwin L. Sabin—a horse story for men and all lovers of horses; "An Angel Unaware," by Eleanor H. Brainerd, a story for women, because it is about a disappointed man—eight other man-stories and women-stories of first rate interest and literary quality.

Many of our readers have already spoken of the June Number as the greatest magazine they have ever seen and almost everyone picks out a different feature. This shows how close Everybody's is to the American public.

For those who are following the big issues of the day, there are those strong and peppery articles by Lawson, Russell Eugene Wood on Consumption, and Teague in a brave notable attack on the Bucket-Shop Sharks, who steal one hundred million dollars every year from the trusting American investor.

We are doing the work you want done. Get Everybody's the nearest news-stand you see, and read the live fact-fiction-stories.

TODAY THEY'RE OFF FOR PIZMO BEACH.

A. L. off for Pismo! Today begins the endurance run of two days as a preliminary of the famous clam beach. The endurance run has suffered because of the large number of cars going as free-lances, but a good number of starters will be in front of the church at the Pismo Coast. A Rumber containing H. D. Blanchard of Corvina and J. H. Coleman with their wives also disappeared up the road to Hollywood, followed a little later by a four-cylinder National driven by H. G. Sawyer of the Troy laundry. A. C. Blicke starts this morning at 5 o'clock in his Pope-Toledo in an effort to get through in one day. William McClure, a tourist from the East, is also going in his White, and W. H. Schweppe in his Stoddard-Dayton. One of the judges, E. H. Feuerborn, is also going through in one day, to be at the finish in time. It is estimated that forty cars have gone over the route as free lances in the past two or three days. A large number are going to join the procession at Santa Barbara, and a bunch are coming down to the beach from San Francisco. There's going to be a regular reunion there for the races. The roads are reported in fine condition, and the country hardly ever more beautiful than now. Everything is most favorable for the run, and with a good programme of racing at the finish, there should be a most excellent five days ahead of the motorists. Free Lances Arrive. SANTA BARBARA, June 6.—(Exclusive Dispatch.) Several automobiles running before the Pismo endurance run reached here tonight and report the roads in good condition for the contest. Among the arrivals are Dr. and Mrs. A. E. Schiffman, M. J. Johnson, Mr. and Mrs. C. D. Bracey and M. W. Williams and others.

OAKLAND WALLOWED. HITT PITCHES FINE GAME. (BY THE ASSOCIATED PRESS.—P.M.) OAKLAND, June 6.—San Francisco walloped Oakland this afternoon by the score of 12 to 0. Hitt pitched five innings for the Beas and Irwin made three hits. San Francisco made five runs in the first three innings and after this the game was a farce. Score: San Francisco, 12; hits, 19; errors, 2. Oakland, 0; hits, 5; errors, 11. Batteries—Hitt, Siler and Wilson; Bradbury, Randolph, J. Hackett and Bliss. Umpire—McDonald. HALL IS WILD. FRESNO TAKES THE GAME. (BY THE ASSOCIATED PRESS.—P.M.) SEATTLE, June 6.—Charley Hall was wild in the first inning according to the umpire's decision and sent two men to first on balls. Three hits and an error by R. Hall ended the round, giving Fresno four runs. Seattle made a sport in the ninth but could not quite reach the goal. Van Buren played his first game with Seattle and did brilliant work. Score: Seattle, 3; hits, 9; errors, 2. Fresno, 2; hits, 8; errors, 1. Batteries—C. Hall and Blankenship; Lemke and Dashwood. Umpire—Ferrine. Postponed, Rain. PORTLAND (Or.) June 6.—Portland-Los Angeles game postponed, wet grounds. AMERICAN LEAGUE. THREE STRAIGHT. (BY THE ASSOCIATED PRESS.—P.M.) CHICAGO, June 6.—Chicago won their third straight victory from Philadelphia today. Score: Chicago, 4; hits, 9; errors, 2. Philadelphia, 2; hits, 9; errors, 2. Batteries—Owen and Sullivan; Bender and Schreck. DETROIT SCRATCHED OUT. (BY THE ASSOCIATED PRESS.—P.M.) DETROIT, June 6.—With two out in the ninth, Schaefer overhauled first on Stevens' scratch hit and Stahl returned the ball to left field, trying to catch the runner at second. On the two errors the run that won was scored. Up to this incident it was a splendid contest. Score: Detroit, 1; hits, 6; errors, 1. Washington, 1; hits, 7; errors, 5. Batteries—Siever and Schmidt; Kilsen and Kittredge. PITCHERS' BATTLE. (BY THE ASSOCIATED PRESS.—P.M.) CLEVELAND, June 6.—Rhodes pitched Wintner and Cleveland defeated Boston, 2 to 1. Score: Cleveland, 3; hits, 9; errors, 6. Boston, 1; hits, 7; errors, 2. Batteries—Rhodes and Clark; Wintner and Peterson. NEW YORK SHUT OUT. (BY THE ASSOCIATED PRESS.—P.M.) ST. LOUIS, June 6.—Exceptional pitching by Howell shut out New York today. Orth being hit for five runs. The tiding of both teams was sensational. Score: St. Louis, 5; hits, 14; errors, 1. New York, 0; hits, 5; errors, 1. Batteries—Howell and Hickey; Orth and Kleinow. NATIONAL LEAGUE. BUT TWO HITS ALLOWED. (BY THE ASSOCIATED PRESS.—P.M.) BOSTON, June 6.—No Boston player reached second in today's game and of the two hits allowed by Leliefeld, Stroh's was a scratch. Score: Boston, 0; hits, 2; errors, 2. Pittsburgh, 0; hits, 6; errors, 6. Batteries—Young and Needham; Leliefeld and Phelps. Umpire—Carpenter and Conway. BROWN IS WILD. (BY THE ASSOCIATED PRESS.—P.M.) BROOKLYN, June 6.—The wildness of Brown was responsible for the shutout that Brooklyn had over St. Louis today. Score: St. Louis, 0; hits, 3; errors, 1. Brooklyn, 5; hits, 7; errors, 1. Batteries—Brown, Overall, Beebe and Moran; Taylor, Ferguson and Bowerman. Umpire—Emalle and O'Day. CINCINNATI SHUT OUT. (BY THE ASSOCIATED PRESS.—P.M.) PHILADELPHIA, June 6.—Cincinnati was shut out today. Opposite hitting coupled with misplays by the visitors gave the home team its runs. Score: Cincinnati, 0; hits, 3; errors, 6. Philadelphia, 3; hits, 8; errors, 2. Batteries—Fraser and Livingston; Ritchie and Doolin. Umpire—Klem. VARSITY DEFEATS FACULTY. Great Hippodrome Game Ends in Victory for the Regular Basketball Team at the U.S.C. Arrayed in motley combinations of football jerseys, variegated hose and "Sis Hopkins" wigs, the staid women of the U.S.C. faculty appeared on the basketball courts of the university before an expectant crowd of college students yesterday afternoon and essayed to instruct the "wise ones" of the varsity team how to play the game according to the latest faculty methods. Score, varsity, 23; faculty, 7. The faculty captured all the honors except the winning score. Miss Comstock, of the ornery department, was the star actress of the day, receiving rounds of applause from the spectators for her spectacular, long-field throws and accuracy in shooting the baskets. Her special stunt was to secure the ball and by heavy bucking crowd her opponent to the goal post, nail her by well-directed cross-bucks and then coolly score a basket. Miss Northwick, district herself beyond repair. "Prexy" officiated as umpire, and with most distinction by his impartial rulings and in other ways. Three minutes halves were played to allow the 'varsity girls time to recuperate. After the second period the 'varsity gave an exhibition of the real game, and scored a will on the faculty. Miss Vanderpool, the physical instructor, who was doped to win the fight for the faculty, was incapacitated by a sprained ankle received in practice the day before, and as a consequence the pedagogues were seriously handicapped. The contest was a "howling" success, and a neat sum of coin was received for the coffers of the manager. Summary of the game. Line-up: Faculty. forward, Armstrong; Comstock, forward, Thornton; Morgan, guard, Montgomery; Northwick, guard, Woodhead; Trowbridge, guard, Woodhead. Goals—From the field, Comstock, 2; Morgan, 1; Thornton, 1; Armstrong, 2; from foul lines, Comstock, 1; Montgomery, 2. Umpire—Bovard. Referee—Best. Time of halves—10 minutes. LEAGUE ADDS TWO CLUBS. Keystone Team of This City and San Bernardino Club Taken in—Drop out of Umpire. The Southern California Baseball League took a new turn this week when the directors met and formally accepted the applications of the San Bernardino team and the Keystone of this city, making eight clubs in the league. These eight clubs are the Hoegees, Tufts-Lyons, Hamburgers, Examiners and Keystone of this city and the San Diego, Rivera and San Bernardino clubs. New and better arrangements have been made in San Diego where were first agreed upon and it is now believed that a league game can be played there one week from next Sunday and the regular start of the league at the outside. It is the intention to erect a good grand stand on large end grounds. The games scheduled for next Sunday are the Rivera and Keystone at Rivera and a double-header at the Chutes between the Hoegees and Hamburgers and the Examiners for the 1:30 o'clock game and the Hoegees and Tufts-Lyon teams for the second game at 2 o'clock. Alex. Depres, who acted as umpire for the City League here a year ago, has been added to the regular staff of umpires for the Southern California League and will officiate next Sunday in one of the games at Chutes Park. FINE TROUT CATCH. Judge Rose Brings Best "Meat" Ever Taken in This Part of the State. According to a local authority Judge Rose of this city celebrated last Sunday by catching the finest lot of trout ever brought to Los Angeles, taking them from Malibu Creek, northwest of Santa Monica Canon. He caught eight that weighed six pounds, two tipping the scales at over one pound each. Reports from the mountains are that the fishing is good and with ordinary luck any minor will be well rewarded for the time and trouble to get to the various fishing grounds. The trout streams are generally clear. Ocean Park Tennis. The tennis players of this city and vicinity are getting themselves into shape for the tournament that will be played at the courts of the Ocean Park Country Club on July 4. It is expected that all the class A and B players in this end of the State will participate for the tournament is the preliminary one for the Southern California championship which will be played here on any in addition it signifies the opening of play at the beach resorts. The finals may run over into July 5 but it is the intention to play everything off on July 4. Man-Angel to Fly. The Man-Angel, a local flying machine, will give an exhibition of its powers at the Chutes ball grounds Sunday night at 8 o'clock, and the manager states that after this is gone through with the Angel will fly over the city to show people how easily it can be done.

BUT THERE WAS NOTHING DOING.

SOUTH PASADENA'S CITIZENS WERE EXPECTANT.

City Marshal Reid, of This Pretty Suburb, Still Has His Smallpox Quarantine Pigeonholed by Health Officer and Dr. Avery Threatens to Arrest Informers.

South Pasadena was all agog yesterday over the publicity of the failure of the Health Board to quarantine the home of City Marshal M. B. Reid, where three cases of smallpox developed.

When The Times reached the pretty little suburb in the morning and it became generally known that the matter had been laid before the County Health Officer, a goodly portion of the townspeople laid off work and awaited developments.

Nothing short of the removal of the stricken ones to a house of detention, and probably a burning of the infected house or something equally as drastic, was expected.

But nothing like that occurred. No health officer of the city or county appeared about the home of Reid, and the day waned without developments at the infected place.

Dr. Ralph W. Avery, City Health Officer of South Pasadena, whose action in not quarantining the home of Reid has been questioned, was the only busy man. He gave notice that he is on the warpath seeking the persons who stated yesterday that there are twenty-two cases of smallpox in the little city. He says that he will arrest those making the statement.

"If they cannot locate the alleged sick ones, I will arrest them, and if they are able to find them I will arrest them anyway for not reporting the cases to me when first heard of. So you see I have them coming or going," he said as he left the office of County Health Officer E. N. Mathis, where he had been twice during the morning to locate the elusive Dr. Mathis.

The members of the Board of Health of the suburb were peculiarly absent from their usual haunts during the day, and there was no change in the situation at the Reid or Leremont homes.

All efforts to reach County Health Officer Mathis and lay the case before him and secure his decision failed. The committee of South Pasadenans failed to secure a decision from him and yesterday Dr. Avery was unable to find him.

At his office in the Laughlin building it was stated by a gentleman who has no connection with the health department that Mathis was out somewhere attending to building operations he has on hand.

It is reported that Mathis alleges he has no jurisdiction in the matter and that it is up to the State Board of Health, unless, it is said, the Board of Health of South Pasadena has permitted some one coming from the infected houses to leave the city limits. Leremont, in whose house there are still two or more cases of smallpox, is working in Alhambra, where he went a few days after the disease appeared in his family. This constitutes an offense under the county health laws and paves the way for Dr. Mathis to reach the members of the Board of Health of South Pasadena if he wants to.

It is also stated that Reid has been going and coming between South Pasadena and Pasadena since the disease appeared in his home and this would constitute another basis for action against the Board of Health in the suburb.

Pasadena was brought into the affair when it discovered that a man who worked in a creamery in South Pasadena, and had been stricken with smallpox, lived in Pasadena. The officials of the latter city immediately isolated the case and are guarding all who were exposed to contagion very closely. They are inclined to criticize the action of the Board of Health of the adjoining city in not guarding the cases.

Dr. Avery avers that not one person left the confines of South Pasadena before he had been vaccinated, fumigated and carefully examined to see that he was not infected.

LEPER SUSPECT DIES.

Dead Comes to the Asiatic Sufferer at Santa Ana—Experts Are to Investigate.

SPECIAL CORRESPONDENCE OF THE TIMES.—SANTA ANA, June 6.—Wong Yeh Yee, the alleged Chinese leper, was found dead in his tent near the City Hall, this morning. His demise was not discovered until about 10 o'clock, when Dr. Ball and Burlew, in company with Dr. Ralph Williams, H. Lee, and a Times representative, went to the tent to see the sick man. How long he had been dead will not be known until an autopsy is performed, but Dr. Ball said he was alive when he visited the tent yesterday afternoon.

The man was in charge of Clinton Irons, who was supposed to visit him regularly. Why he failed to notice his death this morning is something the supervisors are now trying to figure out.

Dr. Ralph Williams, a dermatologist, and H. Lee, a representative of the Chinese Chamber of Commerce of Los Angeles, came to Santa Ana this morning for the purpose of investigating the reported case of leprosy. Drs. Ball and Burlew, the county's physicians, accompanied them to the tent, where a most gruesome sight met their eyes. Covered with sores and filth, the Chinaman lay on his cot stone dead. The physicians made a superficial examination, and decided that the man had been dead some time.

Dr. Williams gave it as his opinion that the man did not have leprosy, as the visible indications were lacking. He acknowledged, however, that a microscopic examination might show some latent germs of leprosy, but thought it was probable he had some other loathsome disease. The doctor and Mr. Lee did not think the Chinese would go any further in their investigations, but now that the man was dead, would be content to drop the case.

DANCING GIRL'S DEATH.

Investigation on the part of friends of Miss Gertrude Johnson, who died Friday night of hemorrhage, develops that the young octonion danced her life away in a North Alameda-street resort. She was a daughter of L. F. Johnson, a mail carrier of Peoria, Ill., and recently left the Mahara minstrel troupe. Since she came to this city a few weeks ago the woman had been leading a dual life, spending a part of her time in respectable circles, and the remainder in a tough North Alameda-street resort. Friday night, while entertaining the men in the Alameda-street joint with a dancing exhibition, she burst a blood vessel. The coroner had an autopsy performed and found death was from hemorrhage. The remains have been shipped to Peoria.

HARDY RANGERS GET TOGETHER.

THE MOUNTAIN POLICE MEET AT MONROVIA TOWN.

From Far Canyons and Pastures They Come by Horse and by Train to Listen to Words of Instruction and Discuss Fire Fighting and Trail Building.

MONROVIA, June 6.—Twenty-five rangers of the San Gabriel government forest reserve today met in Monrovia for the purpose of discussing methods of fighting fire, building trails, protecting the forests and other general range work.

Forest Supervisor T. P. Lukens and Head Ranger B. H. Crow were at the meeting, which was attended by all of the men in the reserve.

After lunch in the town and dining at a local restaurant, the men adjourned to Strong's Park, where Superintendent Lukens made a brief address.

STRIKES SPREAD TO THE OCEAN.

SAILORS' UNION TIES UP VESSELS AT SAN FRANCISCO.

Owners Say They Will Put Schooners Out of Commission Rather Than Comply With Unreasonable Demands of Jackies—Fifteen Boats Affected by the Strike.

San Francisco, June 6.—As a result of the demand of the sailors on steam schooners that their wages be increased from \$45 to \$50 per month, fifteen steam schooners engaged in the coastwise lumber trade are tied up at San Francisco.

It is believed that the controversy will affect the steam schooner trade in the Pacific. The union is demanding a 10 percent increase in wages.

A committee of the United Shipping and Transportation Association of San Francisco makes the following statement relative to the situation: "On January 31 the contract between the Steamship Association and the Sailors' Union expired, and while not renewed, was continued by mutual consent."

On April 23 Mr. Allison, secretary of the Sailors' Union, notified the secretary of the Steamship Association, Honorable F. F. Fitch, that the union had held a meeting and had agreed to allow all conditions to remain the same.

From a statement made by the captain while lying in the hospital, it was learned that the crew of the ship were being considered for their work and when about to turn away, the captain, without warning, gave him a forceful blow in the right eye that knocked him down.

Sumpter's story of the affair will be told at the governor's court later. Sumpter is the veteran who, about a year ago, voluntarily enlisted as a peacemaker in a dispute between a Swedish and a Russian.

Mr. Peeler has taken the contract for the erection of a \$3000 residence on Prospect avenue for J. T. Peeler. Work will begin at once.

Joe Hopwood started Saturday morning for England. He will make a visit to his parents, whom he has not seen for several years.

Mr. and Mrs. Earl Seane of Fairview avenue are entertaining Mr. and Mrs. Melvin Phillips of Ventura.

A subscription of \$100 was raised at the Baptist Church Sunday morning to help the Baptist churches of San Francisco who were damaged by the earthquake.

Mr. and Mrs. W. A. Gillette entertained last evening in honor of Mr. and Mrs. Robert J. Gillette of New York City.

WORKERS VISIT COLTON.

EMPLOYEES OF SANTA FE SHOPS ARE ASSURED OF GOOD TREATMENT IN THAT CITY.

COLTON, June 6.—A delegation of about 150 Santa Fe shop men from San Bernardino held a meeting in the City Hall last evening to ascertain what this city could offer in the way of homes and what threatment they would receive from the merchants.

The meeting was the result of the action of the Merchants' Association of San Bernardino refusing the shop men the privilege of soliciting advertisements for the pamphlets and programs of their annual picnic, which would be distributed among merchants and citizens of the different cities of Southern California.

The representative business men of Colton, who were invited to come to the city, assuring the visitors that they would receive every courtesy that an American citizen could expect, in token of their good will, there was a substantial sum raised to be used by the shop men at their annual picnic.

CHASING BLIND PIGS. Santa Barbara Anti-Saloon League Making It Warm for Those Who Sell Liquor Illegally.

SANTA BARBARA, June 6.—The liquor dealers of Santa Barbara county, and especially those who are carrying on their trade illegally, are now having troubles of their own. The anti-saloon league has started a wholesale crusade on liquor.

The league is now making it difficult for the dealers to sell their liquor. They are being harassed by the league's agents.

SEATTLE NEWS JOTTINGS.

A three-story building, obstructing the foot of Pine avenue and fronting on the south side of the auditorium bridge, has aroused the ire of citizens.

The trustees granted a ten-year lease to Fisher & Colburn to construct the building, to be occupied by a school. Thursday, a suit will be filed against the City Trustees to compel them to cancel the lease on the ground that they have exceeded their authority in the premises.

Spontaneous combustion in a barrel of lamp oil, which was stored in a barn last night belonging to Dr. E. M. Freeman. The doctor was standing in the back yard, when his wife, daughter and son were awakened by the fire.

Investigation showed that a lot of waste oil had been poured into the back of the stall, where it fermented and generated so much heat that it burst into flames.

A number of changes have been ordered in the City Hall. The council chamber will be changed so that the trustees will sit in the north and the council chamber will be changed so that the trustees will sit in the north.

WILL TEST DUTY.

ONX COMPANY AT SAN DIEGO WILL CONTEST LEGALITY OF CUSTOMS CHARGES ON SHIPMENTS.

SAN DIEGO, June 6.—The Mexican Onx Company is to make a test case of the demand of the United States government of a duty of \$1.50 per cubic foot for sawed onyx.

The claim of the company is that the duty should be \$1.00 per cubic foot, and the case will be fought out in the United States court.

The basis for the suit will be laid when the next shipment of onyx is landed here from Lower California.

If the government wins the suit, the company will be forced to pay the duty of \$1.50 per cubic foot.

It is no ordinary undertaking to sell an entire stock of a concern as well known as B. B. Henshey, of 521 South Broadway, in nine business days; but that is just what we propose to accomplish. The first six days' selling has been spirited--wonderful; but the last three days--Thursday, Friday and Saturday--must bring us as much business as the first six days. And this is how we propose to do it:

From the reduction already made--fifty-five cents on the dollar--we are to give on every sale an extra (additional) discount of ten per cent. Before you spend a dollar compare prices and values all over the city, and you will then be fully satisfied that Hamburg values are easily sixty-five per cent. better than our nearest competitor.
